This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

**Applicant:** CELTIC TECH JET LIMITED

**Date Filed:** September 17, 2004

**Relief requested:** Exemption from 49 USC section 41301 to permit the applicant to continue to conduct passenger charter operations between: 1) Canada and the United States; 2) third countries and the United States, via Canada, that make a stopover in Canada for at least two consecutive nights; and 3) other passenger charters to/from the United States in accordance with 14 CFR Part 212

**If renewal, date and citation of last action:** September 23, 2003, in this Docket.

**Applicant representative:** Chris Steele, 613-271-6305      **DOT analyst:** Allen F. Brown, 202-366-2405

**Responsive pleadings:** None.

**DISPOSITION**

**Action:** Approved.

**Action date:** November 4, 2004

**Effective dates of authority granted:** November 4, 2004, through November 4, 2005.

**Basis for approval (bilateral agreement/reciprocity):** United States-Canada Air Transport Agreement (Agreement)

**Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations indicated:**  
Standard exemption conditions (attached).

**Special conditions/Remarks:** In the conduct of these operations, the carrier must adhere to all applicable provisions of the U.S.-Canada Agreement, and may only use aircraft designed to have a maximum passenger capacity of not more than 60 seats or a maximum payload capacity of not more than 18,000 pounds. Moreover, under this authority the carrier may conduct charter operations between: 1) Canada and the United States; and 2) third countries and the United States, via Canada, that make a stopover in Canada for at least two consecutive nights. Other charters to be conducted under this authority, however, are subject to prior approval under 14 CFR Part 212.

**Action taken by:** Paul L. Gretch, Director, Office of International Aviation

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion. Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
